RINGKASAN

I am a **Technical Electrical Inspector** at PT Sucofindo Bandar Lampung Branch with a strong academic background in Electrical Engineering. I graduated from the PLN Institute of Technology Jakarta and am currently pursuing a Master's degree at the University of Lampung. I have extensive experience and in-depth competence in handling electrical systems—from generation, transmission, distribution, household and industrial installations, to renewable energy such as Solar Power Plants (PLTS).

> My professional track record includes overseeing construction projects and SKLTM repairs for PT PLN, occupational health and safety inspections, and involvement in various national-scale solar power plant development projects. I also hold various official certifications, including an Occupational Health and Safety Expert Specializing in Production Power Plants from the Indonesian Ministry of Manpower and several electrical competency certifications from PT Eleska latki. Mastering engineering software such as ETAP and AutoCAD, and adhering to the AKHLAK values (Trustworthy, Competent, Harmonious, Loyal, Adaptive, and Collaborative), I am an adaptive, hardworking professional, and ready to make the best contribution in the field of electricity and renewable energy.

PENGALAMAN

06/2022 - Saat ini

Technical Inspector

PT. Sucofindo (Persero) Cabang Bandar Lampung ↗

1. Supervisor of the SKLTM Construction Work/Field for PT. PLN WRKR Riau.
2. Supervisor of the SKLTM Repair Work/Field for PT. PLN UID Lampung Pulau Pisang.
3. Inspector of Occupational Health and Safety Equipment.
4. Electrical Inspector for the Operational Worthiness Certification (SLO) and Functional Worthiness Certification (SLF) Licensing.

02/2022 - 06/2022

Electrical Engineer PLTS

PT. Bumikharisma Lininusa

1. Electrical Engineer for the Construction of PT. PLN's 110 kWP Solar Power Plant in East Sumba, NTT.
2. Electrical Engineer for the Construction of Residential Solar Power Plants
3. Electrical Engineer for the Construction of Rooftop Solar Power Plants at Gas Stations throughout Greater Jakarta.

Intellectual Visit of BEM IT PLN - DPR/MPR RI

BEM IT PLN

Visiting the DPR/MPR RI in order to socialize and discuss National Energy Development

Himpunan Mahasiswa Elektro (HME) IT PLN Jakarta

IT PLN Jakarta

1. Electrical Hazards Outreach
2. HME Anniversary Committee
3. Comparative Study of HME IT PLN - ITB

Community Service Installation of PJUTS

FKET IT PLN

Designing and building a PLTS public street lighting electrical installation as a Community Service activity

02/2021 - 05/2021

Internship at PLTS Cirata 1 MW

PT. PJB PLTS Cirata

1. Assisting in the preparation of a Solar Power Plant Assessment Report
2. Creating a data table for solar power plant (PLTS) and diesel power plant (PLTD) logsheets
3. Searching for and summarizing a list of solar power plant regulations
4. Understanding the Cirata Solar Power Plant Operating System
5. Understanding the solar power plant system monitoring process
6. Conducting electrical installation checks and maintenance of solar power plants

09/2020 - 02/2021

Assistant Laboratory System Telecommunication

IT PLN Jakarta

1. Managing schedules between assistants and practitioners in conducting practicums for the Telecommunications Systems course.
2. Preparing practicum reports for practitioners and assistants.
3. Providing feedback on practicum grades.
4. Understanding and studying digital and analog telecommunications network systems.
5. Teaching the Telecommunications Systems course.

PENDIDIKAN

09/2023 - Saat ini

Teknik Elektro

Universitas Lampung
Magister

2021

Teknik Elektro

Institut Teknologi PLN Jakarta
Sarjana

Graduated on time with a GPA of 3.42, actively participating in lectures and organizations. Graduated with a final project topic of "Arduino-Based Solar Axis Tracker Solar Panel" and received a "Very Satisfactory" predicate from the lecture.

2017

Ilmu Pengetahuan Alam

MAN 1 Bandar Lampung
Sekolah Menengah Atas

graduate on time by being active in school organizational and academic activities.

2014

MTsN 2 Bandar Lampung
Sekolah Menengah Pertama

successfully accepted and graduated from the MTSN2 Bandar Lampung Superior class

2011

SD AL AZHAR 1 Bandar Lampung
Sekolah Dasar

SERTIFIKASI

07/2021 - Saat ini	Sertifikat Microsoft Office Specialist IT PLN
01/2021 - Saat ini	Smart Electricity Webinar SMARTGATE
01/2021 - Saat ini	Pelatihan Perancangan PLTS SMARTGATE
10/2019 - Saat ini	Pelatihan Instalasi Listrik Industri PT. BUDI KARSA SANTOSA
08/2019 - Saat ini	Pelatihan Digital and Analog Communication
07/2019 - Saat ini	Pelatihan AutoCAD YAYASAN INSAN HANDASAH KRATIVA - BEM STT PLN
03/2026 - 03/2029	Ahli K3 Spesialis Pesawat Tenaga Produksi KEMENAKER RI
06/2024 - 06/2027	Sertifikasi Kompetensi Commissioning PLTD PT. ELESKA IATKI
08/2023 - 09/2026	Sertifikat Kompetensi Comissioning Electrical PLTS PT. ELESKA IATKI
10/2021 - 10/2024	Sertifikat Kompetensi Pembangunan dan Pemasangan PLTS PT. SENTRA TEKNOLOGI TERAPAN
01/2021 - 01/2023	English Proficiency Test (EPRT) IT PLN
